PROFILE

Industrial **engineer**. Seeking for a position where I can leverage my skills and experience working with big **data**, **programming** languages and **cloud**. My main interests are **Big Data**, **Python**, **business** and **cloud**. Also worked as a **volunteer** in Spain.

EXPERIENCE

BUSINESS INTELLIGENCE ENGINEER

AMAZON - LOGISTIC & SUPPLY CHAIN

MAR 2022 - SEP 2022 **LUXEMBOURG**

I automated an Amazon **data process** using **Python**, **SQL** and **AWS** to send a report to stakeholders. This **saves 6 hours** a **week** and avoids **human failures**. Next, I created an **inventory** measurement **model** using **SQL**, which will be launched across the **EU**, **US** and **Canada** soon. This model applied in the **EU** alone will **save** an estimated **500,000 €**. Finally, I developed a website as a **full stack developer** and hosted it in the **cloud**, using for Front-End: **HTML**, **CSS**, **Bootstrap**, **JS** and **React**, for Back-End and API: **Python** and **Django**, and as cloud infrastructure **AWS**.

DATA SCIENTIST

IIT (TECHNOLOGICAL RESEARCH INSTITUTE) OF ICAI

SEP 2021 - DEC 2021 **MADRID**

I enhanced data processing and predictive modeling for Saargummi's factory. And I managed to improve the **reduction** of production line **downtime** from **14%** to **27%**.

DATA SCIENTIST INTERN

CIC LAB ICAI

JUN 2021 - JUL 2021 **MADRID**

I worked on a project for a Saargummi's factory, I improved their **Data process** using **Python** and **R** and developed a **Machine Learning** model using **Python** libraries to predict when the parts produced will have an error. This **reduced** production line **downtime by 14%**.

FREELANCER

APR 2017 - JAN 2020

Worked with Chinese online shops such as Gearbest.com, Banggood.com and Alibaba.com, helping them to expand their drone market in Spain. I dealt with more than **150 clients** and **20 Chinese's suppliers**.
